Aaron

Attached is the License agreement contract for your review, and the quote for the initial year.

Once contract is agreed upon and payment received, delivery of the data usually takes about one day.

Let me know if you have any questions
 Thanks

Hi Chris,

I don't see anything objectionable in the contract. Two minor typos:

First paragraph mentions 'Big Crunch Consulting Ltd', there should be no space between Big and Crunch.

Section 19, Lists 'BigCrunch Consulting LLC', LLC should be LTD.

I have one question about the attributions. Please let me know if these 3 attributions are appropriate:

- a) I would add a section to our online user manual under our existing section on 'Data Sources' and list the specified attribution in Schedule C.
- b) In our food search we search multiple data sources, one of which will now be ESHA. We include a short 'Source' column which I plan to display 'ESHA'. I can display either a US flag icon (indicating data source is American) or, if you'd like, a small ESHA logo. See screenshot for an example of the current search dialog.

Description	Source	Rank
Eggplant, cooked, boiled, drained, without salt	USDA	High
Eggplant, cooked, boiled, drained, with salt	USDA	High
Eggplant, cooked	NCCDB	Medium
Eggplant, raw	USDA	Medium
Patel's Baingan Bharta Roasted Eggplant	Custom	Low
Eggplant dip (Baba Ghanoush)	NCCDB	Low
Eggplant, raw	NCCDB	Low
Eggplant parmesan, with mozzarella	NCCDB	Low
Pickled eggplant	NCCDB	Low
Eggplant, batter dipped or breaded	NCCDB	Low
Panda Express Eggplant Tofu	NCCDB	Low
Eggplant, pickled	USDA	Very Low
Eggplant, pickled	CNF	Very Low

- c) If someone views an ESHA item in the food details display, we show a more full 'Data Source'. For example, a USDA food would show "Data Source: USDAr27:11210" which gives the specific version of USDA and their internal food ID. What would ESHA prefer I show here?

Thanks,
Aaron

Hi Aaron

I think I sent you an editable copy if you want to go ahead and correct those two minor name corrections.

The attributions you describe will work just fine with us. I'll leave it to your discretion to choose either the logo or a Name. I think we would prefer the logo if it is possible and not intrusive to your app design. Let me know if you need specific image sizes and formats that I can have our graphics dept. provide you.

If that us all, I'll await your signed contract and initial payment. Once received It won't take me long to send you the data. I assume Access format is okay?

Look forward to hearing from you

Thanks

Chris,

What's the best way to deliver the contract and payment? UPS a bank draft and the signed contract?

Access format is probably ok. I have a program that will export those to .csv files -- but if I can get it already in .csv (or some other machine parseable form like XML or JSON) that would be ideal.

Thanks,
Aaron

Hey Aaron

Yes, email me a scanned PDF and UPS the original. A bank draft, transfer, or check is fine. I've attached our banking information.

Hey Aaron

I did. Thank you. I am out of the office today, but I should still be able
to get the database to you today.

I'm having our team put it in proper format now.

I'll be in touch shortly when I get a time frame from them.
